

COUNTING MONEY

Draw a line to connect the coin to its value.

1¢

25¢

10¢

5¢

50¢

Nickel

Half Dollar

Penny

Quarter

Dime

Help Eleanor count the money in her piggy bank.

$$\text{Nickel} + \text{Nickel} + \text{Quarter} + \text{Quarter} + \text{Dime} = \underline{\hspace{2cm}}$$

$$\text{Penny} + \text{Half Dollar} + \text{Half Dollar} + \text{Dime} = \underline{\hspace{2cm}}$$

$$\text{Dime} + \text{Dime} + \text{Dime} + \text{Dime} + \text{Quarter} + \text{Penny} = \underline{\hspace{2cm}}$$

$$\text{Quarter} + \text{Nickel} + \text{Nickel} + \text{Penny} + \text{Penny} + \text{Penny} = \underline{\hspace{2cm}}$$

Now, add them all up. How much money does Eleanor have in her piggy bank total?
